What is Benefits Airtime and the Benefits Wallet?

The Benefits Airtime is unlocked from the Benefits Wallet when you recharge with airtime.

FOR EXAMPLE

If you recharge with R20, you unlock R20 from the Benefits Wallet. You will then have R40 airtime in total – **so that's double airtime every time you recharge!**

Please note the following:

You have 30 days in which to unlock the Benefits Airtime.

Benefits Airtime cannot be converted into data bundles.

Benefits Airtime validity, after it has been unlocked, is 7 days.

If you have more than one active SIM card, the Benefits Airtime will be allocated to the SIM that you first activated.

The amount that can be unlocked will solely depend on the Benefits Airtime available in your Benefits Wallet.
